Instructor Steve Barnett presented a set of AMA Silver Wings to John Jeffcoat.

Silent Auction:

Previously announced aircraft, several additional aircraft, and equipment were on display along the flight line. One hour was allotted for all to inspect the items and question the sellers before bids were finalized. Though reserve prices were indicated, the members were advised to negotiate directly with the sellers if a reserve price was not met at the conclusion of the silent auction. Unfortunately, not all of the items were sold, possibly due to the forecast of inclement weather that lowered the turnout. If the membership desires, silent auctions will be continued.

Open Discussion, Questions and Answers:

A DNR official has indicated that the department can assist the club financially in the maintenance of the flying field grounds by reimbursing the cost of fuel used to mow the field. A DNR representative will meet with the Board of Governors at a future meeting to establish a payment procedure.

Rick Crow, made a motion, no second, to have the club purchase additional chairs. Arnold Heckman has offered to provide chairs.

Change to Field Rules #19: Cliff informed the membership of the recent change; *“Model aircraft flying is permitted from 9:00am until dusk Monday through Saturday and Sunday 11:00am until dusk”*. The change was necessary to conform to language of the DNR lease.

Future Events:

Prince Georges Radio Control Club – Electric Fly In/Unicorn Combat - August 04
